

GENERAL MANAGER'S STATUS REPORT

October 13, 2022

Treatment Plants

The treatment plants continue to meet constituent discharge requirements on a routine basis. There have been no discharge violations due to Equipment Failure.

Collection System

Crews are continuing with regular operations, daily inspections of District lift stations, issuance of correction notices for repairs on private laterals, and inspections on all repairs. Throughout the month, collection staff inspected waterways and the district effluent outfall line after all rain events.

For last month the district hydraulically cleaned 8,350 feet of line. We also CCTV 788 feet for the month.

Strategic Plan

Master Plan: The District is proceeding with three important steps in getting phase one of the Master Plan implemented.

- Applied to the State Revolving Fund and are now on the list to be funded.

Regulatory Compliance: District is maintaining a >90% compliance currently through the 2022 calendar year...i.e., < 2 SSO's, RWQCB Plant Discharge Requirements.

Customer Service: The District continues to maintain < 1% customer complaints.

Facilities & Infrastructure PowerPoint presentation

There have been no discharge violations due to Equipment Failure.

Professional Development: All safety protocols are being utilized to promote "Zero Lost Time" due to injuries. The district had 6 safety tail gates for the month including:

- Compressed Gas and Air
- Hand and Power Tool
- Traffic Control
- Facebook and the Public
- Drug and Alcohol on the job
- Hearing conservation
