

GENERAL MANAGER'S STATUS REPORT

August 10, 2023

Treatment Plants

The treatment plants continue to meet constituent discharge requirements on a routine basis. There have been no discharge violations due to Equipment Failure.

Collection System

Crews are continuing with regular operations, daily inspections of District lift stations, issuance of correction notices for repairs on private laterals, and inspections on all repairs. Throughout the month, collection staff inspected waterways and the district effluent outfall line after all rain events.

For June the district hydraulically cleaned 5,869 feet of line and CCTV 0 feet. For July the district hydraulically cleaned 8,173 feet of line and CCTV 4,110 feet.

Strategic Plan

The District is proceeding with getting phase one of the Master Plan implemented.

Regulatory Compliance: District is maintaining a >90% compliance currently through the 2023 calendar year...i.e., < 2 SSO's, RWQCB Plant Discharge Requirements.

Customer Service: The District continues to maintain < 1% customer complaints.

Facilities & Infrastructure PowerPoint presentation

There have been no discharge violations due to Equipment Failure.

Professional Development: All safety protocols are being utilized to promote "Zero Lost Time" due to injuries.
