BID PROPOSAL FORM

Crestline Sanitation District
24516 Lake Drive
P.O. Box 3395
Crestline, California 92325-3395

The undersigned hereby proposes to perform all Work for which a Contract may be awarded him/her and to furnish any and all plant, labor, services, material, tools, equipment, supplies, transportation, utilities, water and all other items and facilities necessary therefor as provided in the Contract Documents, and to do everything required therein for the Work as set forth in the documents entitled:

HUSTON CREEK WWTP PRIMARY CLARIFIER AND DEWATERING BUILDING IMPROVEMENTS

Together with appurtenances thereto, all as set forth on the Drawings and in the Specifications and other Contract Documents; and he/she further proposes and agrees that, if this Bid is accepted, he/she will contract in the form and manner stipulated to perform all the Work called for by Drawings, Specifications, and other Contract Documents, and to complete all such Work in strict conformity therewith within the time limits set forth therein, and that he/she will accept as full payment therefor the prices set forth in the Bid Sheet(s) forming a part hereof.

It is understood and agreed that:

1. The undersigned has carefully examined all the Contract Documents which will form a part of the Contract; and all additions, deletions, modifications, appendices, and all addenda as prepared prior to the date of bid opening setting forth any modifications or interpretations of any of said documents.
2. The undersigned has by investigation of the site of the Work and otherwise satisfied himself/herself as to the nature and location of the Work and has fully informed himself/herself as to all conditions and matters which can in any way affect the Work or the cost thereof;
3. The undersigned fully understands the scope of the Work and has checked carefully all words and figures inserted in this Bid and he/she further understands that the Owner will in no way be responsible for any errors or omissions in the preparation of this Bid;
4. The undersigned will execute the Contract Agreement and furnish the required proof of insurance coverage within ten (10) days (not including Sundays and holidays) after Notice of Award to him/her of acceptance of his/her Bid by the Owner.
5. The undersigned Bidder further agrees that if he/she shall fail to complete the Work within the Contract Time and any authorized extension thereof, he/she shall pay liquidated damages to the Owner for each calendar day of unauthorized delay in completion of the Work, until the Work is completed, unless another amount is agreed to and stated in the Contract Agreement.

6. The undersigned hereby certifies that this proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the bid is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding; that the bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the bid are true; and, further, that the bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid.

7. In conformance with current statutory requirements of Section 1860, et seq., of the Labor Code of the State of California, the undersigned confirms the following as his/her certification: I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workmen's compensation or to undertake self insurance in accordance with the provisions before commencing the performance of the Work of this Contract:

8. In compliance with the provisions of Sections 4100-4114 of the Public Contract Code of the State of California, and any amendments thereof, the undersigned Bidder has set forth below the name and the location of the place of business of each Subcontractor who will perform work or labor or render service to the Contractor in or about the construction of the Work to be performed under the Contract Documents in which this Bid is responsive, and where the portion of the Work which will be done by each Subcontractor for each subcontract is in excess of one-half of one percent (0.5%) of the Total Base Bid. The undersigned Bidder understands that if he/she fails to specify a Subcontractor for any portion of the Work or specifies more than one subcontractor for any portion of the work, he/she shall be deemed to have agreed to perform such portion himself/herself and that he/she shall not be permitted to sublet or subcontract that portion of the Work except in cases of public emergency or necessity, and then only after a finding is reduced to writing as a public record of the Owner setting forth the facts constituting the emergency or necessity. It is further understood and agreed that the aggregate total of all subcontracts shall not exceed forty-five percent (45%) of the total contract price in accordance with the provisions of Instructions to Bidders and or General Conditions.

9. Receipt is hereby acknowledged of addenda number(s) 1 through 4.

10. The undersigned is licensed in accordance with the Laws of the State of California: License Number 433176 Class A, B, C10, C31, HAZ, C36

11. If the bidder is a partnership, corporation, or joint venture, the undersigned certifies that ~~she~~ he is entitled to execute and submit this bid proposal on behalf of bidder.

SECTION 00408

CONTRACTOR REFERENCES AND QUALIFICATIONS

The Bidder shall provide at least three (3) references in the spaces provided on the following pages for projects completed by the Bidder (either as prime or subcontractor), in which the Bidder constructed and installed clarifiers, sludge storage, pumping, and dewatering facilities, installed standby generator and electrical and controls equipment similar to this project at a municipal wastewater treatment facility similar to that proposed under this Project. Failure to submit references with the "BID" may result in the Bid being deemed to be nonresponsive.

The Bidder shall list at least three reference projects and at least one reference project for each work component listed below. Reference projects may include more than one work component and must have been completed at a municipal wastewater treatment facility:

- Construction of a reinforced concrete primary or secondary clarifier tank with associated mechanical and electrical equipment.
- Construction of a solids handling and dewatering building including sludge pumps, polymer feed system, screw press dewatering equipment, sludge cake conveyors, and associated mechanical and electrical equipment.
- Installation of a diesel standby generator, automatic transfer switch, and Motor Control Centers.

Provided reference projects shall also meet the following criteria:

- Used similar types of materials and techniques as will be used on this project;
- Were of similar size and complexity to this project;
- Were completed within the last five (5) years; and
- Were for a public agency in the United States of America.

If a qualifying project as described above was completed by a Bidder's subcontractor, the Bidder shall list the prime Contractor (with contact person and phone number) on the referenced project.

The Bidder (Prime Contractor) shall have a minimum of ten (10) years of experience in mechanical, structural, and electrical construction related to wastewater treatment plant facilities (e.g. clarifiers, sludge handling facilities, hydraulic control devices, etc.).

The Superintendent of the Prime Contractor (Bidder) proposed for this Project shall be named and a resume of his/her experience provided. This Superintendent's experience must include three (3) successfully completed public works projects as a Superintendent with projects involving and mechanical, structural, and electrical construction related to the work required for this project with a minimum value of each project of \$1,000,000, within the last five years. Bidder agrees that the Superintendent named in his Bid will remain on this Project until completion of all relevant Work, unless substituted by personnel of equivalent experience and qualifications approved in advance by the Owner.

The Owner shall have sole discretion and make the final determination as to whether the Bidder (Prime Contractor), and Superintendent meet the above qualifications based on information provided at the time of the Bid. Contractor shall not be allowed to submit additional information after the Bid Opening to augment or supplement the information provided with the Bid.

Duplicate pages, if needed, for listing additional completed projects.

PUBLIC AGENCY NAME: Orange County Sanitation District	
PUBLIC AGENCY CONTACT PERSON NAME/TITLE: Raul Cuellar, Owner Rep	
PHONE: 714-962-2411	
PRIME CONTRACTOR: Kiewit Infrastructure West Co.	
LOCATION AND DESCRIPTION OF WORK: The objective of this project was to mitigate the odor emanating from the trickling filter carbon system, which becomes a nuisance to the neighbors at Plant 2. The project scope included construction of three (3) chemical scrubber systems and a chemical feed system to treat the foul air from existing Tricking Filters A, B, and C, prior to the existing carbon scrubbers. The chemical scrubbers are operated in series with the existing carbon scrubbers or as a stand-alone unit with the carbon removed. Each chemical scrubber system is made up of 30" FRP ductwork, foul air fan, chemical scrubber vessel with recirculation pumps, chemical feed pumps, demisters, reclaimed water/plant water feed, electrical instrumentation with associated ancillary piping as well as general site work. The upgraded foul air treatment system achieves a higher removal rate than the previously existing carbon scrubber system.

As Project Manager, Patrick was responsible for overseeing the construction projects out of TIC's office. His duties included ensuring that TIC achieves the planned safety, quality, productivity, and financial goals on each assigned construction project. He has proven abilities and skills in leadership and management of people, training, negotiations, planning, organization, problem solving, and contract administration. Patrick was expected to set standards of excellence in leadership, safety, quality, and productivity for his areas of responsibility and must be able to communicate and enforce TIC's philosophies, policies, practices, and procedures on all assigned projects.

PROJECT EXPERIENCE

Construction Manager (September 2020 - Present), Perris II Desalination, Eastern Municipal Water District, Perris, CA, \$49.9 Million

Patrick oversees all planning and execution of the mechanical and electrical disciplines directly under the Project Manager, as well as, start/up and commissioning work directly under the District Start/up Commissioning Manager.

The project consists of expanding the existing City of Menifee and Perris I Desalination Facility which treats pumped groundwater from several of the City's existing wells. Pumped ground water is taken to a new concrete Forebay, then pumped to the 3ea. Reverse Osmosis (RO) trains, complete with booster pumps, Clean-in-place system, with train each capable of producing 1.5 MGD of permeate. Brine solution (RO byproduct), non-spec water and backwash water is sent to the existing facility's settling ponds. RO permeate is sent through a new Decarbonator Station consisting of FRP scrubber tanks and fresh air blowers, prior to entering a new chlorine contactor basin with pump station. The Finished Water is then then pumped directly into the existing City's potable water system

Project Superintendent (September 2019 – September 2020), Vulcan - Hewitt Groundwater Treatment, Vulcan Materials Company, Los Angeles, CA, \$15 Million.

Patrick is responsible for coordinating and managing field operations, including the planning and scheduling of salaried engineers, craft employees, subcontractors, and suppliers. Duties include responsibility for the field operations, performance of the airside construction team on-site, provides leadership, experience and technical expertise, foresees and resolves construction issues, resource allocation, daily involvement with the team to facilitate on-time, within budget delivery of the project, project planning and logistics, oversees all subcontractor field operations, project planning and logistical considerations, monitors performance to ensure that work is performed correctly and on-time, assist in constructability reviews and provide value engineering suggestions/solutions, implement the master schedule(s) and provide updates necessary to reflect current work performance and work complete, post construction- manage required owner training, procurement of close out documents such as punch lists, warranties, and operations and maintenance manuals.

The objective of the Project is to design, build, construct, test, operate and maintain a ground water plant for treatment of contaminated water from eight groundwater extraction wells and twelve injection wells which are capable of capturing contaminated groundwater in both the shallow ("A Zone") and deeper ("B Zone") aquifer underlying the site with a target of extracting and reinjecting 460-gallons per minute in a cost effective, efficient manner. The Site lies within the North Hollywood Operable Unit of the San Fernando Valley Superfund Site and the Project is overseen and administered by the LARWQCB (on-site activities) and the EPA (off-site areas).

Project Manager (April 2018 – September 2019), Edward C. Little Water Recycling Facility Clean-in-Place Waste Discharge, West Basin Municipal Water District, El Segundo, CA, \$6.4 Million

Patrick had the authority to make decisions on the project and was responsible for all project operations, including performance in safety, quality, engineering, construction, environmental protection, cost, productivity, subcontracting results, and startup. As the owner's primary contact, he was responsible for owner relations and all jobsite communications with the Owner.

The project consists of the construction of a Clean-in-Place (CIP) Neutralization and Discharge System utilized to treat the reverse osmosis (RO) and microfiltration (MF) CIP waste. The main portion of the work requires the demolition of an existing steel clarifier tank to create space to install two baffled concrete 50,000 gallons CIP tanks, plus a decent amount of supplemental mechanical equipment and piping.

Project Manager (June 2017 – April 2018), DC Tillman WRP Screw Pump Installation, City of Los Angeles, Van Nuys, CA, \$6 Million

As the highest-level manager on-site, Patrick had the authority to make decisions on the project and was responsible for all project operations, including performance in safety, quality, engineering, construction, environmental protection, cost, productivity, subcontracting results, and startup. As the owner's primary contact, he was responsible for owner relations and all jobsite communications with the Owner.

The project was broken into two phases; the first phase consisted of removal of 4 ea 96" diameter screw pumps, pour a new slab and 5 walls, install 4 ea new 96" diameter screw pumps, upper/lower bearings, motors, gearboxes, switchgear and LCPs and commissioning the system; Phase 2

consisted of some concrete demolition and removal and installation of 4 ea 102" diameter screw pumps, upper/lower bearings and LCPs. Additionally, new supply fans, windows/louvers, compressed air, water spray systems, and FRP covers were installed.

Project Manager/Site Superintendent (March 2011 – June 2017), New Construction and Maintenance Alliance, Aera Energy LLC, Various Locations, CA, \$80 Million/12\$Million

As the highest-level manager on-site, Patrick had the authority to make decisions on the project and was responsible for all project operations, including performance in safety, quality, engineering, construction, environmental protection, cost, productivity, subcontracting results, and startup. As the owner's primary contact, he was responsible for owner relations and all jobsite communications with the owner.

TIC (a Kiewit Company) was the general contractor on several of Aera's largest oil producing properties, which was responsible for the maintenance of the Ventura, Belridge, Lost Hills, Brea, and Huntington Beach leases, as well as offshore oil platforms. TIC (a Kiewit Company) was also the primary construction contractor at most of these same locations. TIC (a Kiewit Company) provided on average over 200 employees per day to these locations. Our responsibilities included planning and scheduling of the construction and maintenance activities for both TIC and other service providers. TIC also managed subcontractors for field and building maintenance and we are responsible for planning and scheduling of gas plant turnarounds.

Pipe General Foreman (March 2011), Los Angeles Basin, Plains Exploration and Production, Los Angeles, CA, \$15 Million

TIC (a Kiewit Company) was the general contractor performing maintenance work at PXP leases in the Los Angeles area.

General Foreman (September 2008 – March 2011), Inland Empire Energy Center, General Electric Company, Romoland, CA, \$13 Million

As the general contractor, TIC (a Kiewit Company) was responsible for the construction of underground piping and underground electrical for the 775 MW plant which utilized two GE 7H combustion turbine generators, GE steam turbine generators, selective catalytic reduction systems, water treatment system, zero liquid discharge system and balance of plant systems for the Inland Empire Energy Center. This project was one of the first open shop power plants built in California and is the first H frame in the USA. General Electric will be using this project as a model project for future GE H frame projects and sales. TIC was also a subcontractor to Cives Steel Company for the erection of the structural steel on this project.

Project Coordinator (June 2007-August 2008), Thums Small Capital Projects, Thums, Long Beach, CA, \$2.3 Million

TIC (a Kiewit Company) was the general contractor for Thums' Small Capital projects and Island Grissom culvert piping.

Electrical General Foreman (December 2006-June 2007), Annealing Project, California Steel Industries, Fontana, CA, \$10 Million

TIC (a Kiewit Company) was contracted by California Steel Industries, Inc. to upgrade hydrogen annealing facilities in two phases, as part of the company's plan to increase steel rolling and finishing mill capacity up to 2 MM tpy. The job consisted of foundations, hydrogen annealing furnaces, annealing box, rollers, cooling system, conveyors, hydraulics, gauges plus controls, ventilation system, ducting, monitors, and spill containment.

NON-DISCRIMINATION CERTIFICATION
(To be submitted by Contractor with Bid Package)

NON-DISCRIMINATION CLAUSE

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

(3) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing

such provisions, including sanctions for noncompliance: Provided, however, That in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

(a) not used

(b) not used

(c) Subcontracts. Each nonexempt prime contractor or subcontractor shall include the equal opportunity clause in each of its nonexempt subcontracts.

(d) Incorporation by reference. The equal opportunity clause may be incorporated by reference in all Government contracts and subcontracts, including Government bills of lading, transportation requests, contracts for deposit of Government funds, and contracts for issuing and paying U.S. savings bonds and notes, and such other contracts and subcontracts as the Deputy Assistant Secretary may designate.

(e) Incorporation by operation of the order. By operation of the order, the equal opportunity clause shall be considered to be a part of every contract and subcontract required by the order and the regulations in this part to include such a clause whether or not it is physically incorporated in such contracts and whether or not the contract between the agency and the contractor is written.

(f) Adaptation of language. Such necessary changes in language may be made in the equal opportunity clause as shall be appropriate to identify properly the parties and their undertakings. [43 FR 49240, Oct. 20, 1978, as amended at 62 FR 66971, Dec. 22, 1997]

1. During the performance of this contract, Contractor and its subcontractors shall not unlawfully discriminate against any employee or applicant for employment because of sex, race, religion, color, national origin, ancestry, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), marital status, age (over 40) or denial of family care leave. Contractors and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. Contractors and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code Section 12900 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Administrative Code, Title 2, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12900 (a-f), set forth in Chapter 5 of Division 4 of Title 2 or the California Administrative Code are incorporated into this contract by reference and made a part hereof as if set forth in full. Contractor and its subcontractor shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

2. The Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the contract.

THE UNDERSIGNED CERTIFIES THAT THE CONTRACTOR WILL COMPLY WITH THE ABOVE REQUIREMENTS.

FORM 4500-4 (DBE Subcontractor Utilization Form)

Revised 12/2016

**AGREEMENT TO COMPLY WITH CALIFORNIA LABOR LAW REQUIREMENTS
TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID**

[Labor Code §§ 1720, 1771.1, 1773.8, 1775, 1776, 1777.5, 1813, 1860, 1861, 3700]

The undersigned Contractor certifies that it is aware of and hereby agrees to fully comply with the following provisions of California law:

1. No contractor or subcontractor may be listed on a bid proposal for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)]. No contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
2. Contractor acknowledges that this contract is subject to the provisions of Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code relating to public works and the awarding public agency ("Agency") and agrees to be bound by all the provisions thereof as though set forth in full herein.
3. Contractor agrees to comply with the provisions of California Labor Code Section 1773.8 which requires the payment of travel and subsistence payments to each worker needed to execute the work to the extent required by law.
4. Contractor agrees to comply with the provisions of California Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. The Contractor shall, as a penalty to the Agency, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by Contractor or by any subcontractor.
5. Contractor agrees to comply with the provisions of California Labor Code Section 1776 which require Contractor and each subcontractor to (1) keep accurate payroll records, (2) certify and make such payroll records available for inspection as provided by Section 1776, and (3) inform the Agency of the location of the records. The Contractor is responsible for compliance with Section 1776 by itself and all of its subcontractors.
6. Contractor agrees to comply with the provisions of California Labor Code Section 1777.5 concerning the employment of apprentices on public works projects, and further agrees that Contractor is responsible for compliance with Section 1777.5 by itself and all of its subcontractors.
7. Contractor agrees to comply with the provisions of California Labor Code Section 1813 concerning penalties for workers who work excess hours. The Contractor shall, as a penalty to the Agency, forfeit twenty-five dollars (\$25) for each worker employed in the execution of the contract by the Contractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any one calendar day and 40 hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the California Labor Code.
8. California Labor Code Sections 1860 and 3700 provide that every contractor will be required to secure the payment of compensation to its employees. In accordance with the provisions of California Labor Code Section 1861, Contractor hereby certifies as follows:

"I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for worker's compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract."
