Notes

April 18, 2024

I am going to vote

'No' in regards to the price increase.

I may not be opposed to a rate increase as EVERYTHING is more expensive now. But these increases are huge. Maybe 6%, 3, 3, 2, 2 would be acceptable. I'm on a fixed income & vote 'No' to this increase.

To the Clerk of the Board,

We are Greg Rossler and Shonna Rossler. We are a married couple that lives at 24890 Felsen Dr., Crestline, CA 92325. This address is also our service address for sanitation services.

We are writing this letter to protest the proposed rate increases for services in the copy of the attached mailer that we recently received. Rate hikes such as these are making this mountain too expensive of an area to live in. We have never experienced any issues with the sewer, nor have we ever seen any Sanitation District staff accessing the access covers on our property for any reason. The system seems fine and is in no need of repairs.

Additionally, as financial income levels are not changing for us, but our financial output is increasing, these increases will start being cause for people to leave the area in search for more economical living.

Please accept this letter as a formal written protest as per the mailer requested.

Thank you.
